

GETTING TO KNOW YOUR INTERN

Feeling Connected

As your student teacher gets acclimated to your school and community, help them feel comfortable by continuing to introduce them to school staff, faculty and leadership. If the opportunity is there, introduce them at department and staff meetings. Helping them feel comfortable and like they are a part of the instructional faculty at your site will give them greater confidence in their role.

Words of Inspiration

"We all need someone who inspires us to do better than we know how."
